

WELCOME
TO SCHOOL!

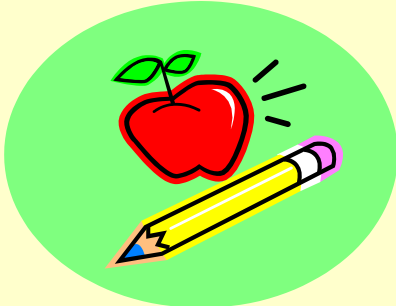

Tri-Valley School
Kindergarten Blue

Sept. 2 – Sept. 5
Fix it Duck

What's Happening in KB

Dear Parents:

I hope everyone has a wonderful labor day weekend! We will be starting our Math program this week. Please note that we are starting on Chapter 9, so please when you are doing the practice book at home, jump all the way to chapter 9. The math schedule on this page will let you know what day to do homework and what lesson to do. We will do some skipping around in this book so please pay attention to what chapter we are on so you are doing the right pages. We will ask to see these books before each report card goes out as part of their responsibility standard! If you have questions about what to do feel free to call or email me at school!

Be sure to fill out and send back all of the forms from the student handbook!

Upcoming Events

No School
