What's Happening in KB

Dear Parents:

This week we have been working hard to find out where we are at and what we know. Our testing went really well and it gives us a good idea of where to start working. Please continue to stay involved with what your child is learning and continue working at home. The math workbooks are a part of our curriculum and will be looked at as part of the report card so please keep up with it. If you have any questions you can call me at school or email me at laura.jensen@k12.sd.us. This will be the last week we review all the letters, so next week we will start to really study them and the sounds. Thanks for all your help and remember, you are your child's first teacher!

*I NEED all gold sheets back to school ASAP.
Remember to look at the homecoming note to know what dress up day we are having.

Upcoming Events

Homecoming

September 8-12th. We have a note in our bag with more info, dress up days, etc.

KB Math Schedule!

Monday: Lesson 9.5 (Pg. P179-P180)
